ITFC ADVANCING TRADE, IMPROVING LIVES

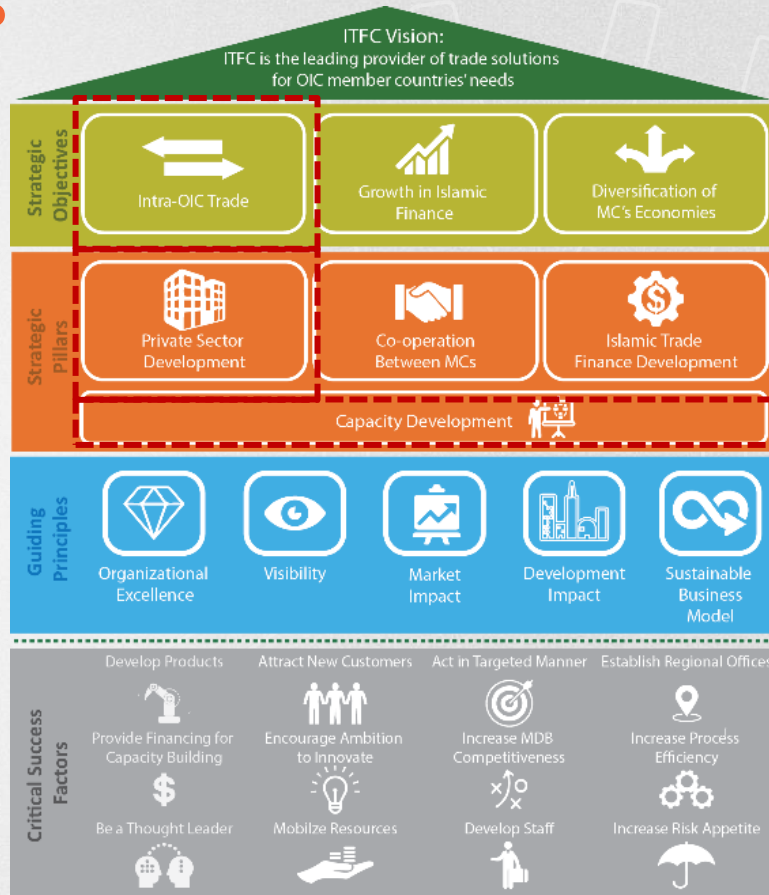

Challenge #1 – Progress: Balancing Financial Returns with Development Impact

Advancing Trade

Improving Lives

Financial Sustainability

Development Impact

EVALUATING OUTCOMES

Challenge #2 – People, Planet & Progress: Short-term finance with long term impacts

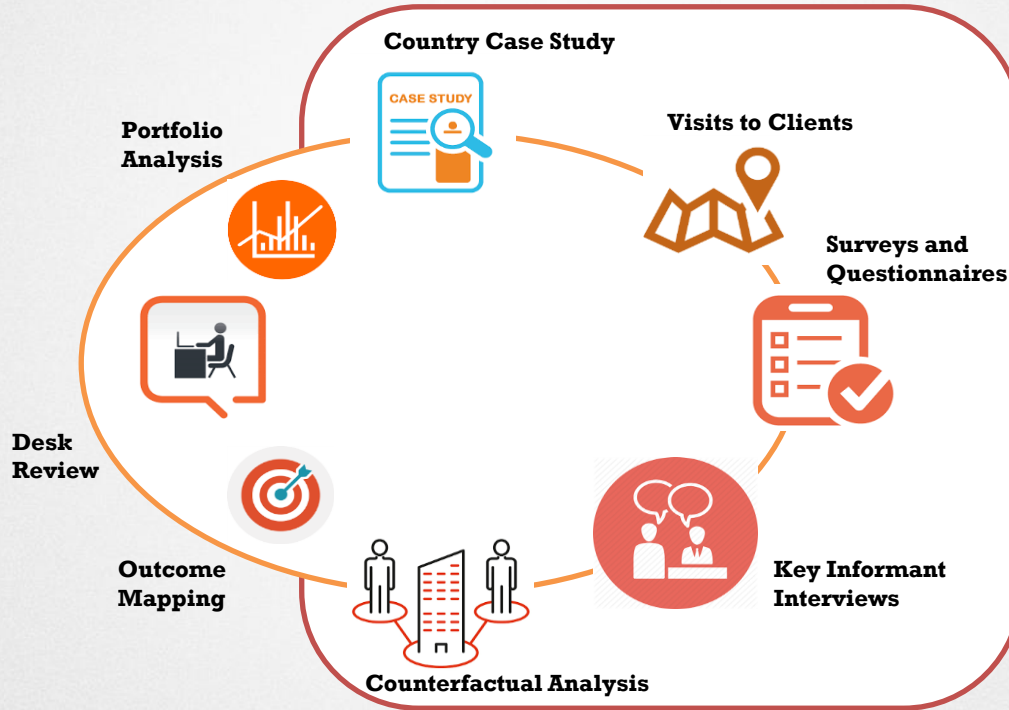

Short Term Outcomes

- New markets accessed by clients
- Increase in clients for ITFC beneficiaries
- Increase in volume and value of trade
- Increase in production capacities
- Financing underserved markets

Long Term Outcomes

- Employment generation
- Increase in intra-OIC trade (regional integration)
- Diversification of trade in terms of sectors

EVALUATION METHODOLOGY

Criteria:

- 1. Relevance:** the extent to which the design and objectives of the trade finance program were consistent with ITFC strategy and needs of the countries assisted
- 2. Effectiveness:** the extent to which the trade finance instruments achieved intended objectives
- 3. Efficiency:** the extent to which the delivery of the assistance represented value for money and was time effective

ITFC IMPROVING LIVES

BALANCING FINANCIAL SUSTAINABILITY WITH DEVELOPMENT IMPACT

INAUGURAL ANNUAL

DEVELOPMENT EFFECTIVENESS REPORT

- From this year forward, ITFC is committed to publishing the Development Effectiveness Report annually.
- These reports will constitute our primary tool for monitoring development effectiveness, our contributions towards IDBG Strategic Objectives and towards the United Nations Sustainable Development Goals.
- The 2016 Development Effectiveness Report illustrates clearly that the ITFC has made great progress towards achieving development impact.
- For more information, download a digital copy of the report at <http://www.itfc-idb.org/en>.

THANK YOU
