Results and prospects

Lessons

- Many elements of the M & E system have been created,
  - evaluation environment
  - institutes,
  - individual potential

but at the moment they are not with and do not work well

Challenges for future

- formation (lobbying) of national policy in the field of M & E
- Involvement of universities in interaction, together with state personnel service
- expansion of interaction with other countries
  - Russian-speaking
  - International community

Thank you for attention
